Mac Best For Students 2017

Though there were numerous products on show, the big headline was the return of the... And, shortly after that, the 2018 MacBook Air will no doubt be showing up on this list too. The classic did receive a minor internal refresh in 2017, but hadn't seen a proper overhaul since 2015 -- and it was in serious need of a facelift. If you simply can't wait for our verdict, you can buy the new MacBook Air today from John Lewis. Our review sample is currently undergoing testing, and the review will be up very shortly. At its bombastic October Event in New York, Apple unveiled a host of new upgrades for 2018. Now it's back and better than ever, and is practically guaranteed to return to its long-standing place as the most popular student laptop on the market.
